

CRATE REMOVAL, STORAGE & CRATE RETURN

Freeman Decorating Company is the EXCLUSIVE contractor for crates and carton removal and storage. Due to Fire Marshal regulations, exhibitors will **NOT** be permitted to store empty crates or boxes in their booth area during the show period. However, empty crates or boxes, when properly marked and identified by the exhibitor, will be removed, stored and returned to the booth at no additional charge if the exhibitor uses Freeman Decorating Company, the Official Material Handling Contractor, to handle their freight in and out of the show.

"Empty" stickers are available at the Freeman Service Desk.

**ALL CRATES AND BOXES MUST BE LABELED WITH "EMPTY STICKERS"
BY NOON ON SUNDAY, SEPTEMBER 23, 2007**

IMPORTANT: Once a crate has been removed from the show floor, exhibitors will NOT have access to this crate during the show. DO NOT store any items in empty crates that you'll need during the show. For an additional fee you may order accessible storage through Freeman Decorating Company. For information, please contact Freeman Decorating Company at 301.918.7900.

REMEMBER: "Empties" cannot be returned until the aisle carpet is removed. Aisle carpet CANNOT be removed if there are any items placed in the aisles at the time of tear down. With your cooperation it should take no longer than 1 hour until the first items can be returned starting with cartons and vinyl cases, followed by crates. "No Freight Aisles" MUST be kept clear at all times!
