

## Curious about Public Day?

PV America and PVSC have designated Tuesday, June 9 as Public Day. From 12:00 noon until 8:00 PM, the PV America Expo will be open to the public and admission is free. This is your chance to check out solar and see how it can work in your life- at home and at work. Admission is free.

The access is for the Expo only, in Halls A & B at the Pennsylvania Convention Center at 1101 Arch St. When you arrive on site, go to PV America registration on the Bridge (2<sup>nd</sup> level, by the 200 level meeting rooms), and fill out a very short form. You'll get your access bracelet in return and can spend as much time as you like between 12:00 – 8:00 PM on Tuesday, June 9 in the Expo. It does not grant access to any of the educational session or the general sessions, just the expo. You cannot register for Public Day in advance, only on site on Tuesday, June 9.

If you'd like to be able to attend the educational sessions, you can register for a daily pass for \$395. Conference registration is available on site or in advance at [www.pvamericaexpo.com](http://www.pvamericaexpo.com).
