VISION

INFORMATION SUPERIORITY IN DEFENSE OF OUR NATION

MISSION

DISA, a Combat Support Agency, provides, operates, and assures command and control, information sharing capabilities, and a globally accessible enterprise information infrastructure in direct support to joint Warfighters, National level leaders, and other mission and coalition partners across the full spectrum of operations

A large, stylized logo for DISA is centered in the lower half of the slide. The letters "DISA" are rendered in a bold, sans-serif font. Each letter is filled with a dense collage of small, colorful images, likely representing various defense and information systems operations. The logo is set against a background of a satellite map of the United States.
