The Great Debates – Can't Attend Everything?

**ExpertEd@SSO Delivers the
SSO 2018 Virtual Meeting**

ExpertEd@SSO is the post-SSO 2018 resource to view missed sessions and hear notable speakers a second time. Convenient to access and easy to navigate, ExpertEd@SSO records participation in virtual meeting sessions and programs for easy future reference.

In addition to the SSO 2018 Virtual Meeting, ExpertEd@SSO also offers a variety of webinars and *Annals of Surgical Oncology* journal CME activities on solid-tumor topics. These educational programs are **free to members** and CME and MOC credits are automatically transferred to the American Board of Surgery.

Visit ExpertEd@SSO at surgonc.org/ExpertEd to review the product catalog, attend a Virtual Meeting session or enroll in an educational program.

The Exceptional Surgical Oncology Experience

PHYSICIAN PAYMENTS SUNSHINE ACT

SSO is compliant with the rules and regulations of the Physician Payments Sunshine Act. As a result, there may be changes in the overall Annual Meeting structure. SSO's corporate supporters and partners are responsible for reporting indirect payments and/or transfers of value to physicians. SSO does not collect data, NPI numbers or any other information on behalf of vendors as it is their sole responsibility to maintain compliance with the Physician Payments Sunshine Act.

Get the leading case-based, clinically-relevant surgical oncology self-assessment tool

Developed by the Society of Surgical Oncology and written by more than 50 experts, **SOSAP 2.0** delivers convenient learning regardless of your career stage.

SURGICAL ONCOLOGISTS AND GENERAL SURGEONS

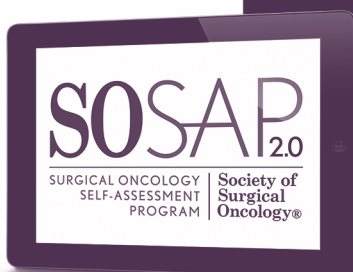

- Fulfill Maintenance of Certification (MOC) Part 2 requirements
- Earn 60 AMA PRA Category 1 Credits™

SURGICAL ONCOLOGY FELLOWS

- Prepare for the ABS Certification Exam in Complex General Surgical Oncology
- Answer over 270 questions that include in-depth critiques and references

Learn more and purchase at surgonc.org/ExpertEd.

Visit the SSO Membership Booth 616 to speak with a representative about SOSAP 2.0

CELEBRATING 25 YEARS

Annals of Surgical Oncology

Born from a vision to promote research and education and to advance the profession of surgical oncology, the *Annals of Surgical Oncology* (ASO) has become the journal of choice for surgical oncologists around the globe.

Touting impressive metrics, ASO is one of the most cited surgical journals in the world with nearly 14,000 citations in 2016 to articles published within the last five years.¹ ASO has published two to five more times as many research articles as compared to other journals including *Journal of Surgical Oncology* and *JAMA Surgery*.¹

This Anniversary not only celebrates a distinguished history, but also the dedication of the Founding Editor-in-Chief, Charles M. Balch, MD who is entrusting ASO's editorial future to new Editor-in-Chief, Kelly M. McMasters, MD, PhD.

SSO looks forward to the future growth and impact of this distinguished journal.

SSO Society of
Surgical Oncology®

STAY ON THE CUTTING EDGE OF PRACTICE WITH AN **SSO MEMBERSHIP**

An SSO membership matters to strengthen your practice, incite better patient outcomes and build your leadership skills. An SSO membership helps you:

Attain knowledge, including information about clinical trials and translational research that will impact the way you deliver patient care.

Gain access to expert information to help you manage complex cases and controversies.

Secure opportunities to **augment your reputation** and advance your career.

Connect with a community of peers as well as worldwide cancer surgery experts.

You know what it takes to be a leader in cancer surgery, now let SSO help you achieve your goals. Commit to the SSO mission of improving multidisciplinary patient care by advancing the science, education and practice of cancer surgery worldwide and become a member today.

MOBILE ACCESS FOR **SSO 2018**

Search “**SSO Events**” in Google Play, App Store, BlackBerry World and Windows Phone Store to download the free SSO Events mobile app!

The SSO Events mobile app allows you access to complete conference information for SSO 2018. Be sure to download the app on your phone or tablet for one-touch access to the following:

- Poster, video and oral abstracts
- Interactive schedule
- Up-to-the-minute Symposium updates
- Speaker and moderator listings, photos and bios
- Exhibitor listings, categories and information
- Interactive maps
- Committee meeting schedule
- Audience response polling in select sessions

Enhance Your App Experience

Visit the app and enter your email address to log in and utilize additional features that allow you to:

- Create your own schedule
- Take notes during sessions
- Identify favorite exhibitors

SSO2018.ORG

Alternately, you can access the program schedule and all mobile app content at **eventmobi.com/SSO2018**. SSO is pleased to provide this enhanced mobile-friendly resource that allows you to view complete details about the Symposium’s education program, add sessions to your personal calendar and search by track, type, presenter or moderator.

5-5:30 pm	Town Hall & Annual Business Meeting <i>Room E350</i>
6-7:30 pm	President's Reception <i>Regency Ballroom, Hyatt Regency McCormick Place</i>

PRESIDENT'S RECEPTION

6-7:30 pm, Saturday, March 24

(Ticket required)

Regency Ballroom, Hyatt Regency McCormick Place

SSO President Dr. Kelly M. McMasters invites you to join him Saturday evening for cocktails and hors d'oeuvres. This event will provide an excellent opportunity for you to connect with friends and colleagues to discuss news from the meeting and make plans to reconnect next year in San Diego.

REORGANIZED AND EXPANDED PROGRAM AT SSO 2018!

What's different about SSO 2018? We've taken the more important aspects of past meetings and expanded them to create a dynamically new experience designed to further your professional knowledge.

Expanded Program

This year's meeting features an expanded program with an 88% increase in oral abstracts and a 36% increase in overall sessions compared to last year. SSO 2018 features new Quick Shot Abstract sessions, which highlight top abstracts by disease-site in a shorter, engaging format.

Clustered Disease Site Tracks

New for this year, the Scientific Program Committee has reorganized and clustered sessions by disease-specific tracks. As a result, attendees will be able to maximize daily schedules and attend sessions that present the next generation of surgical oncology research.

Fellows & Residents Lounge

Dedicated for use by fellow and resident SSO Members, the lounge is located in the Exhibit Hall. The lounge will feature informal discussions with prominent SSO leaders. The lounge can also be utilized as a space to network with other fellows and residents and relax during sessions. Internet access and refreshments will be provided throughout the day.

Not an SSO member? Fellows and residents may complete an application for membership at the SSO Membership Booth 616.

SELFIE STATION

Capture a photo with your colleagues at SSO's Selfie Stations. Station A is located in the Registration Foyer and Station B is located at SSO Membership Booth 616. Be sure to post your photo on Twitter and use [#SSO2018](#).

ExpertEd@SSO – YOUR POST-CONFERENCE RESOURCE

ExpertEd@SSO is your post-conference destination to supplement your education with a variety of programs developed by preeminent surgical oncology thought leaders. Use ExpertEd@SSO to claim CME and MOC from attendance at sessions. Visit surgonc.org/ExpertEd.

GENERAL INFORMATION

(Listed alphabetically)

Abstract Contests

ANNUAL RESIDENT/FELLOW ESSAY AWARDS

Winners of the best Clinical Research paper and best Basic Science Research paper will be announced during the Town Hall and Annual Business Meeting on Saturday, March 24 at 5 pm.

*Supported by an independent grant from
The SSO Foundation.*

ABSTRACT POSTER CONTEST

The Society will present an award for Best Basic/Translational Research Poster and Best Clinical Research Poster at the beginning of the Great Debates II session on Saturday, March 24 at 11 am.

Please cast your votes by 4 pm on Friday, March 23. Poster Contest finalists are displayed in the Exhibit Hall D1 Foyer. Ballots were handed out at Registration check-in.

Disparities Abstracts Sub-category

Abstracts that reflect this sub-category span the complex nature of disparities as they relate to surgical oncologic care and seek to understand the nature of disparities in surgical care and the factors that influence and mitigate them. These abstracts are tagged in the Disparities Track in the SSO 2018 schedule and abstract listings within the SSO Events mobile app.

Certificate of Attendance

SSO 2018 attendees in need of a certificate of attendance must complete the SSO 2018 overall evaluation at **surgonc.org/ExpertEd**.

Committee Meetings

For complete Committee Meeting schedule and locations, please refer to the SSO 2018 schedule component of the SSO Events mobile app.

Claim CME Credit for SSO 2018 Online

Claim CME Credit for the 71st Annual Cancer Symposium Online

Claim your CME credit for the 71st Annual Cancer Symposium by logging on to surgonc.org/ExpertEd. To earn credit complete the overall meeting evaluation, choose the sessions you attended, and indicate the amount of time spent in each session. Be sure to claim your credit prior to **Friday, May 25, 2018**.

We encourage you to visit SSO's new learning management system, ExpertEd@SSO, to claim your CME credits and utilize its exciting feature to automatically send your credits to the American Board of Surgery. While you're there, be sure to browse through the online catalogue to see the many educational offerings SSO has available and coming up.

For more information about ExpertEd@SSO, please visit surgonc.org/ExpertEd. Feel free to contact education@surgonc.org with any questions.

Exhibits Showcase New Products and Solutions *Exhibit Hall D1*

Over 60 technical and scientific exhibitors will display their latest products and services in the Exhibit Hall throughout SSO 2018. SSO appreciates the support of its exhibitors and strongly encourages all registrants to visit the displays.

Exhibit Hours:

Thursday, March 22	9:30 am-7:30 pm
Friday, March 23	9:45 am-4 pm

Exhibit Hall Passport to Prizes

Visit SSO exhibitors to earn a chance to win exciting prizes!

As you make your way through the Exhibit Hall talking with exhibitors and visiting their booths, participate in Passport to Prizes and enter to win.

1. Pick up your Passport game card at registration
2. Visit at least 8 exhibiting companies and ask them to sign your Passport game card
3. Drop your completed Passport game card in the entry box located at the SSO Membership Booth 616

The prize drawings will take place at **3:45 pm on Friday at the SSO Membership Booth 616**. **Participants must be present to win!**

Prizes include:

- Apple iPad Pro with Cellular – 10.5"
- Apple Watch Series 3 with Cellular
- Fitbit Ionic Smart Watch

Exhibit Hall Theater Presentation

The Exhibit Hall Theater Presentation offer you the opportunity to interact with select exhibitors and learn about product and service innovations. See a listing of the featured exhibitors on signage at the back of Exhibit Hall D1. This session occurs on Thursday, March 22.

FOR
CREDIT

Fellows & Residents Lounge

The Fellows & Residents Lounge is an exclusive, popular space within the Exhibit Hall for fellow and resident SSO members*. The Lounge gives fellows and residents a space to network with other trainees and relax between sessions. The lounge is located in the Exhibit Hall D1 and will be open during exhibit hours. It will feature informal discussions with prominent SSO leaders.

****Not an SSO Member? Apply for membership at the SSO Membership Booth 616.***

Industry Forum

The Industry Forum features select exhibitors addressing current issues in health care. This year's one-hour non-CME breakfast session will take place on Thursday, March 22 from 6:45-7:45 am in Room E353c.

See page 81 for full details.

NOT
FOR
CREDIT

Lunch Options

Lunch vouchers are provided to each meeting registrant for use at lunch on Thursday and Friday. These vouchers can be used to offset the cost of meals in the Exhibit Hall. A variety of food will be available, including hot items, healthy meal options and beverages. The lunch voucher is located in your badge holder.

Exhibit Hall Lunch Hours

Thursday, March 22	12:15-1:15 pm
Friday, March 23	12:15-1:15 pm

Cash and credit cards will be accepted. No lunch vouchers are provided for Saturday.

JOIN SSO TODAY!

Your membership in SSO matters to your knowledge, your performance and your professional development. SSO keeps you in the forefront of your profession, which is why it is so important for you to consider an SSO membership today.

SSO offers you innovation with access to cutting edge and emerging research related to both surgical oncology in general, as well as new knowledge focused on specific disease sites.

SSO offers you applicability with extensive translational research and practical resources that allow you to implement proven best practices.

SSO offers you connectivity with access to a community of your peers as well as worldwide surgical oncology experts.

Act Now to Receive an Annual Meeting Membership Special

Join SSO by Saturday, March 24 and the Society will waive your application fee – a savings of \$150. Stop by SSO Membership Booth 616 in the Exhibit Hall to take advantage of this opportunity and to learn about the various benefits of becoming a member.

SSO MEMBERSHIP BOOTH 616

Stop by SSO Membership Booth 616 to relax in the lounge and meet colleagues. While at the booth, you may charge your phone, learn about the 25th Anniversary of *Annals of Surgical Oncology*, see a demo of ExpertEd@SSO, join or renew your membership, donate to the SSO Foundation or take a selfie at the Selfie Station.

SELFIE STATION

Capture a photo with your colleagues at SSO's Selfie Stations. Station A is located in the Registration Foyer and Station B is located at SSO Membership Booth 616. Be sure to post your photo on Twitter and use **#SSO2018**.

Photographs and Recordings

By registering for this meeting, attendees acknowledge and agree that SSO or its agents may take photographs during events and may freely use those photographs in any media for SSO purposes, including, but not limited to, news and promotional purposes.

The presentations, slides and handouts provided in this program are the property of SSO or used by permission. You may not photograph, videotape, audiotape or otherwise record or reproduce any of the presentations without express written permission from SSO. Any attendee believed to be violating this restriction will be removed from the session and may be prohibited from participating in further SSO meetings.

**NO PERSONAL AUDIO OR VIDEO RECORDERS
ARE ALLOWED IN MEETING ROOMS.**

Poster Grand Rounds

During these interactive sessions, top scoring poster presentations will be highlighted by moderators in each disease-site category. Discussion and comments will be encouraged in the Grand Rounds. See the SSO Events mobile app for full SSO 2018 information and schedule.

Poster Presentations

See full details starting on page 79.

Speaker Ready Room

The Speaker Ready Room is located in Room E257 and is available to all program participants.

SSO 2018 Virtual Meeting

Miss a session during SSO 2018? Wondering how you can still get access to the cutting-edge material presented at the meeting? As a registered conference attendee, you will be able to access SSO 2018 recordings at no additional charge.

*To access the SSO 2018 Virtual Meeting,
visit **surgonc.org/ExpertEd***

Get the leading case-based, clinically-relevant surgical oncology self-assessment tool

Developed by the Society of Surgical Oncology and written by more than 50 experts, **SOSAP 2.0** delivers convenient learning regardless of your career stage.

SURGICAL ONCOLOGISTS AND GENERAL SURGEONS

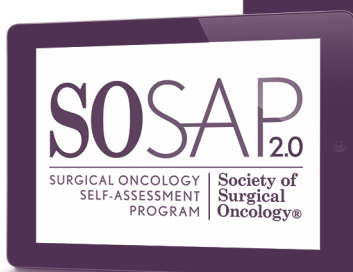

- Fulfill Maintenance of Certification (MOC) Part 2 requirements
- Earn 60 AMA PRA Category 1 Credits™

MEETING HIGHLIGHTS

James Ewing Lecture: Hormonal Control of Cancers: Something Old and Something New

1:30-2:15 pm, Thursday, March 22

Room E354b

B. Mark Evers, MD

See page 43 for full details.

Supported by an independent grant from The SSO Foundation.

John Wayne Clinical Research Lecture: Melanoma, a Kaleidoscopic View

2:15-3 pm, Thursday, March 22

Room E354b

Alexander M.M. Eggermont, MD, PhD

See page 44 for full details.

Supported by an independent grant from the John Wayne Cancer Foundation.

Harvey Baker Traveling Fellow Award

10:27 am, Friday, March 23

Room E450b, Hepato-Pancreato-Biliary Parallel Session 2

Roheena Z. Panni, MD

The Society congratulates Dr. Panni, who is attending SSO 2018 as the recipient of this award for the following abstract:

57: Reprogramming Tumor Microenvironment to Improve Responses to Immunotherapy in Pancreatic Cancer

See the SSO Events mobile app for full SSO 2018 presenter and abstract information.

Supported by an independent grant from The SSO Foundation.

The Charles M. Balch, MD, Distinguished Service Award

8:45-8:55 am, Friday, March 23

Room E354b

Norman Wolmark, MD, and Bernard Fisher, MD

In recognition of their work with the National Surgical Adjuvant Breast and Bowel Project (NSABP).

See page 50 for full details.

James Ewing Layperson's Award

8:55-9 am, Friday, March 23

Room E354b

Alex Kimura, Sam Kimura and Taylor Shorten

Sharing America's Marrow

In recognition of their tireless efforts to raise awareness and encourage people to join the bone marrow donor registry to potentially donate to a patient in need through their non-profit, *Sharing America's Marrow* (SAM). See page 51 for full details.

**American Cancer Society/SSO
Basic Science Lecture: Mixing It
Up: Rewiring the Transcriptome
of Pancreatic Cancer Cells
and Surgeon Scientists**

9:45-10:30 am, Saturday, March 24

Room E450b

Steven D. Leach, MD

See page 67 for full details.

Supported by an independent educational grant from the American Cancer Society.

Clinical and Young Investigator Award Presentations

10:30-11:05 am, Saturday, March 24

Room E450b

Be sure to attend this year's presentation of Clinical Investigator Award (CIA) and Young Investigator Award (YIA) recipients to hear the results of their research efforts. Recipients of the 2018-2020 CIA and the 2018 Donald L. Morton YIA in Melanoma will also be announced. See page 68 for full details.

2018 INTERNATIONAL CAREER DEVELOPMENT EXCHANGE PARTICIPANTS

SSO 2018 marks the fifth year for the International Career Development Exchange (ICDE) program. The ICDE program provides support for up-and-coming surgical oncologists, with leadership potential, who are members of an SSO Partner Society. In addition to attending SSO 2018, the ICDE recipients will have the opportunity to visit up to two U.S. based institutions to observe procedures and enhance their knowledge. ICDE recipients have been paired with SSO members, who will serve as hosts and mentors, with the intent that long-term relationships are developed in order to help improve cancer care in other countries.

Marcus Kodama Pertille Ramos, MD, MS joins us on behalf of the **Brazilian Society of Surgical Oncology**. Dr. Kodama specializes in gastric cancer at the Cancer Institute, University of Sao Paulo Medical School in Sao Paulo, Brazil.

Francis Zih, MD, MSc, FRCSC joins us on behalf of the **Canadian Society of Surgical Oncology**. Dr. Zih specializes in colorectal cancer at Surrey Memorial Hospital in Vancouver, British Columbia, Canada.

Xiaopeng Hao, MD joins us on behalf of the **Chinese Society of Clinical Oncology**. Dr. Hao specializes in breast cancer at PLA 3017 Hospital in Beijing, China.

Michael Kelly, BA, MB, BCh, BAO, (Hons. TCD), MRCSI, MCh joins us on behalf of the **European Society of Surgical Oncology**. Dr. Kelly specializes in colorectal cancer at St. Vincent's University Hospital in Dublin, Ireland.

Maheswaran Satishkumar, MBBS, MS, MCH joins us on behalf of the **Indian Society of Surgical Oncology**. Dr. Satishkumar specializes in gastrointestinal cancer at the Madurai Medical College in Chennai, Tamilnadu, India.

Hideya Kashihara, MD, PhD, joins us on behalf of the **Japanese Society of Gastroenterological Surgery**. Dr. Kashihara specializes in gastrointestinal cancer at Tokushima University in Tokushima, Japan.

Young Suk Park, MD joins us on behalf of the **Korean Society of Surgical Oncology**. Dr. Park specializes in gastric cancer at the Seoul National University Bundang Hospital in Seoul, Korea.

Nereida Esparza-Arias, MD joins us on behalf of the **Sociedad Mexicana de Oncología**. Dr. Esparza-Arias specializes in breast cancer at the Instituto Nacional de Cancerología in Mexico City, Mexico.

SSO Society of
Surgical Oncology®

EDUCATION INFORMATION

Target Audience

This activity is intended for all surgeons and other health care professionals who are involved in the treatment of patients with cancer.

Overall Educational Objectives

- Summarize recent updates and current controversies in the multidisciplinary management of patients with breast cancer, melanoma, sarcoma, pancreas and hepatobiliary malignancies, esophageal cancer, thyroid, adrenal cancer, gastric cancer, colorectal cancer, neuroendocrine tumors, and peritoneal surface malignancies.
- Identify advances in basic and translational sciences and demonstrate an understanding of prognostic and predictive assays as applicable to cancer care.
- Understand the rationale for neoadjuvant therapy and/or genetic testing in the context of personalized cancer care.
- Evaluate the goals of cost, value, and quality as applied to cancer care.
- Understand novel techniques in cancer surgery.

Accreditation

The Society of Surgical Oncology (SSO) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation

The Society of Surgical Oncology (SSO) designates this live activity for a maximum of 27.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Acknowledgement

Please see page 32 for full supporter information. Complete information will be provided to participants prior to the start of the activity.

Disclaimer

The primary purpose of the SSO Annual Meeting is educational. Information, as well as technologies, products and/or services discussed, are intended to inform participants about the knowledge, techniques and experiences of specialists who are willing to share such information with colleagues. A diversity of professional opinions exists in the specialty and the SSO disclaims any and all liability for damages to any individual attending this conference and for all claims which may result from the use of information, technologies, products and/or services discussed at the conference.

SSO AND THE SSO FOUNDATION PARTNERS AND SUPPORTERS

Our Partners

This activity is supported, in part, by independent educational grants. The Society of Surgical Oncology (SSO) and The SSO Foundation gratefully acknowledge the following organizations for their contributions:

American Cancer Society

Supporter of the American Cancer Society/SSO Basic Science Lecture, *Mixing It Up: Rewiring the Transcriptome of Pancreatic Cancer Cells and Surgeon Scientists*

Amgen, Inc.

Partial supporter of the Melanoma/Sarcoma Track

Bristol-Myers Squibb

Partial supporter of the Melanoma/Sarcoma Track

Celgene Corporation

Partial supporter of the SSO Annual Cancer Symposium

Ethicon, Part of the Johnson & Johnson Family of Companies

Partial supporter of the Colorectal Track
Partial supporter of the Gastrointestinal/
Hepato-pancreato-biliary Track

Genomic Health

Partial supporter of the Breast Track

John Wayne Cancer Foundation

Supporter of the Thursday John Wayne Clinical Research Lecture, *Melanoma, a Kaleidoscopic View*

Merck & Co., Inc.

Supporter of the Immunotherapy and Breast Cancer Symposium, Partial supporter of the Melanoma Track

Myriad Genetics, Inc.

Partial supporter of the Breast Track

Novartis Oncology

Partial supporter of the Melanoma/Sarcoma Track

The SSO Foundation

Supporter of the James Ewing Lecture, Harvey Baker Traveling Fellow Award, Annual Resident/Fellow Essay Awards, and the Clinical & Young Investigator Awards Session

Our Sponsors

SSO gratefully acknowledges the following organizations for their sponsorship commitments:

Amgen, Inc.

Sponsor of the Hotel Key Card, Premium SSO Program Guide Listing, and the Thursday Exhibit Hall Theater Presentation: *Clinical Considerations for Treatment in Advanced Melanoma*

City of Hope National Medical Center

Sponsor of the SSO Program Guide Inside Back Cover Advertisement and Sponsor of the Premium SSO Program Guide Listing

Clinical Genomics

Thursday Welcome Reception Host: Windy City Collection

Ethicon, Part of the Johnson & Johnson Family of Companies

Thursday Welcome Reception Host: Magnificent Mile Collection and Sponsor of the SkyBridge Window Clings

Genentech, Inc.

Sponsor of the Thursday Industry Forum: *Pre-surgical Considerations for Patients with Early Breast Cancer*

Medtronic, Inc.

Thursday Welcome Reception Host: Chi-Town Station

RAND SRL and Perfusion.com

Sponsor of the SSO Program Guide Back Cover Advertisement

As of February 13, 2018. Complete information will be provided to participants prior to the activity.

SSO MEMBERSHIP BOOTH 616

Stop by SSO Membership Booth 616 to relax in the lounge and meet colleagues. While at the booth, you may charge your phone, learn about the 25th Anniversary of *Annals of Surgical Oncology*, see a demo of ExpertEd@SSO, join or renew your membership, donate to the SSO Foundation or take a selfie at the Selfie Station.

ACGME CORE COMPETENCIES

The 2018 scientific offerings assist the physician with the six core competencies first adopted by the Accreditation Council for Graduate Medical Education (ACGME) and the American Board of Medical Specialties (ABMS). Attendees are encouraged to select areas of interest from the program which will enhance their knowledge and improve the quality of patient care.

1. **Patient Care:** Provide care that is compassionate, appropriate, and effective treatment for health problems and to promote health.
2. **Medical Knowledge:** Demonstrate knowledge about established and evolving biomedical, clinical and cognate sciences and their application in patient care.
3. **Interpersonal and Communication Skills:** Demonstrate skills that result in effective information exchange and teaming with patients, their families, and professional associates (e.g., fostering a therapeutic relationship that is ethically sound, uses effective listening skills with non-verbal and verbal communication; working as both a team member and at times a leader).
4. **Professionalism:** Demonstrate a commitment to carrying out professional responsibilities, adherence to ethical principles, and sensitivity to diverse patient populations.
5. **Systems-Based Practice:** Demonstrate awareness of and responsibility to larger context and systems of health care. Be able to call on system resources to provide optimal care (e.g., coordinating care across sites or serving as the primary care manager when care involves multiple specialties, professions or sites).
6. **Practice-Based Learning and Improvement:** Able to investigate and evaluate their patient care practices, appraise, and assimilate scientific evidence and improve their practice of medicine.

MAINTENANCE OF CERTIFICATION (MOC) PART 2 SELF-ASSESSMENT OPPORTUNITIES

Self-assessment credit that may be applied towards Part 2 of the ABS MOC program will be offered for one pre-meeting course and 10 symposia occurring within the educational tracks listed below.

Pre-Meeting

- Practice-Changing Papers in Surgical Oncology in 2017 *separate registration is required

Breast

- Controversial Topics in Breast Surgical Management to Improve Outcomes
- Immunotherapy and Breast Cancer

Colorectal

- Adaptation of New Technology for Rectal Cancer: Do I Need New Tools in My Toolbox?
- My Patient Read the Internet: Molecular Markers and Novel Treatments for Colorectal Cancer

Gastrointestinal (HPB/Pancreas)

- Managing the Future Liver Remnant
- Robotic Assisted Minimally Invasive Surgical Oncology
- Local & Regional Therapy Options for Primary and Metastatic Tumors in Hepatobiliary Surgery

Melanoma and Sarcoma

- Current Management of Nodal Metastases in Patients with Melanoma
- Subtype-Specific Biology and Treatment of Soft Tissue Sarcomas

Other Surgical Oncology

- Contemporary Management of Thyroid Cancer

For more information on each of the sessions listed above please utilize the **SSO Events Mobile App** or visit **SSO2018.ORG** and select "MOC Information" listed under "Program" on the main menu.

WEDNESDAY PRE-MEETING

Residents Oncology Forum

Separate Registration & Fee Required

8 am-12 pm, Wednesday, March 21

Room E253cd

Moderators: Vance Sohn, MD and
Brian Bednarski, MD

Faculty:

Brian K. Bednarski, MD

Hormonal Control of Cancers: Something Old and Something New

1:30-2:15 pm, Thursday, March 22

Room E354b

B. Mark Evers, MD

Director, Markey Cancer Center
Professor and Vice-chair for Research,
Department of Surgery
Physician-in-Chief, Oncology Service Line
University of Kentucky, Lexington, KY

Dr. Evers was recruited to the University of Kentucky in 2009 as the Director of the Lucille P. Markey Cancer Center (MCC), Professor and Vice-chair for Research in the Department of Surgery, and Physician-in-Chief of the Oncology Service Line. Prior to his recruitment to Kentucky, Dr. Evers was a faculty member at the University of Texas Medical Branch (UTMB) in Galveston, Texas, for 20 years, where he served as Professor and Robertson-Poth Distinguished Chair in General Surgery and Director of the Sealy Center for Cancer Biology. Dr. Evers' research on GI cancers has been continuously funded by the NIH for more than 25 years, including an NIH MERIT Award and multiple R01s. He has authored more than 400 peer-reviewed publications, book chapters, and reviews, including prominent publications in *Nature*, *Cancer Cell*, and *PNAS*. In addition, he is the PI or multi-PI on 2 NCI T32 training grants and has mentored more than 80 students, fellows, and junior faculty during his career. Throughout this time, he has received more than 30 awards, including the prestigious Flance-Karl Award from the American Surgical Association. He is an elected member of the American Society of Clinical Investigation (ASCI) and the Association of American Physicians (AAP). Dr. Evers has held the positions of Secretary and President of the Society of University Surgeons, Secretary and President of the Southern Surgical Association, and Senior Director of the American Board of Surgery. He is currently Treasurer of the American Surgical Association. Dr. Evers serves on the editorial boards of 3 journals, is a past and current member of 3 NIH study sections, and acts as Associate Editor of the *Sabiston Textbook of Surgery*. In 2013, he led the efforts for NCI designation for the Markey Cancer Center.

Supported by an independent grant from The SSO Foundation.

JOHN WAYNE CLINICAL RESEARCH LECTURE

Melanoma, a Kaleidoscopic View

2:15-3 pm, Thursday, March 22

Room E354b

Alexander M.M. Eggermont, MD, PhD

Directeur Général Gustave Roussy
Professeur Oncologie, *Université Paris-Sud*, Villejuif, France

Dr. Eggermont is the Director General of Gustave Roussy Comprehensive Cancer Center, Cancer Campus Grand Paris in France. He serves as a Professor of Oncology at Paris-Sud University. Previously, he served as a Professor of Surgical Oncology from 2003-2016, and endowed chair of International Networking in Cancer Research (2011-2020) at Erasmus University MC Rotterdam. He has also served as the Joseph Maisin Chair in Oncology at Catholic University of Louvain in Belgium. Dr. Eggermont received his PhD in tumor immunology and was a fellow of the NCI Surgery Branch under S.A. Rosenberg in the United States. His specialties include immunotherapy, melanoma, sarcoma and isolated limb perfusion, drug development, advanced in vivo imaging models, and nanoparticles. He has over 700 peer-reviewed publications, plus 36 PhD theses at the Erasmus University MC. His work has been cited over 32,000 times.

Dr. Eggermont's international functions include the following: President European Academy of Cancer Sciences; President Cancer Core Europe; ECCO: Past President; EORTC: Past President, past Chairman Melanoma Group; ASCO: Past Member Board of Directors (Surgery Chair); AACR: Past Deputy Editor Clinical Cancer Research; Deutsche Krebshilfe: Chair International Jury for Comprehensive Cancer Centres Program; Unicancer: Vice-President French Federation of Cancer Centers, Chair Research; Member Board of Trustees CRUK; Member Wissenschaftsrat, Germany; European Journal of Cancer: Editor-in-Chief; and Appointed advisor to Kazakhstan Government for Cancer Care Strategic Development. In addition, Dr. Eggermont has received the Presidential Medal from Kazakhstan and Légion d'Honneur from France.

This lecture is supported by an independent grant from the John Wayne Cancer Foundation.

THE CHARLES M. BALCH, MD, DISTINGUISHED SERVICE AWARD

8:45-8:55 am, Friday, March 23

Room E354b

Presented by: Jeffrey A. Drebin, MD, PhD

Honoring:

Norman Wolmark, MD

Professor and Chairman of Human Oncology
Drexel University School of Medicine, Philadelphia, PA

Bernard Fisher, MD

Distinguished Service Professor
University of Pittsburgh, Pittsburgh, PA

This Distinguished Service Award recognizes the work of Drs. Wolmark and Fisher with the National Surgical Adjuvant Breast and Bowel Project (NSABP).

Norman Wolmark, MD is Chairman of NSABP Foundation, a not-for-profit academic research organization with a 60-year history of conducting ground-breaking research studies in breast and colorectal cancer. He also serves as Chair and Principal Investigator of NCI-funded NRG Oncology. He is Professor and Chairman of Human Oncology at Drexel University School of Medicine. Dr. Wolmark received his medical degree from McGill University of Montreal, completed his residency at the University of Pittsburgh, and served a fellowship in Surgical Oncology at Memorial Sloan Kettering Cancer Center. He later became a cancer expert at the Surgery Branch of the National Cancer Institute. Dr. Wolmark's tenure as a cancer researcher and world-wide lecturer spans 45 years. He has published extensively, with more than 400 scientific journal articles and book chapters in print.

Bernard Fisher, MD's research has transformed current surgery, radiation therapy, and systemic adjuvant chemotherapy and hormonal therapy modalities for the treatment of breast and other cancers. As chairman of the National Surgical Adjuvant Breast and Bowel Project (NSABP) Dr. Fisher designed and conducted large-scale multi-institutional randomized clinical trials to test his hypothesis, based upon his laboratory research, that breast cancer is likely to be systemic at diagnosis. As a major consequence of two of his landmark trials, the prevailing paradigm governing the treatment of breast and other cancers for almost a century was supplanted by a new paradigm, and radical surgery began to be replaced by less-mutilating operations. Dr. Fisher and his colleagues were also the first to demonstrate that, when used as a preventive agent, tamoxifen significantly reduces breast cancer in women at high risk for the disease. Perhaps Dr. Fisher's most important contribution has been the establishment of the scientific approach to the understanding and treatment of breast cancer that has led to improvement in both survival rate and quality of life for women with the disease.

JAMES EWING LAYPERSON'S AWARD

8:55-9 am, Friday, March 23

Room E354b

Presented by: Kelly M. McMasters, MD, PhD

Honoring:

Alex Kimura, Sam Kimura, and Taylor Shorten

At age 17, **Sam Kimura** was diagnosed with severe aplastic anemia, a rare and deadly bone marrow failure disease, and was told she needed a bone marrow transplant to survive. Siblings are the most likely to be a match, but unfortunately, Sam's sister **Alex** was not a match. To make matters worse, neither were any of the 28 million people listed on the international donor registry. Sam's case is not unique: Over half of those fighting blood cancer and blood disorders cannot find their life-saving donor match.

For Sam Kimura, and the thousands of others searching for donors, Sam, Alex, and their best friend, **Taylor Shorten**, founded Sharing America's Marrow (SAM for short). SAM is a grassroots movement that finds regular people willing to become heroes by simply taking the time to swab their inner cheek and join the bone marrow donor registry to potentially donate to a patient in need.

In January 2015, The SAM team hit the road in their van named Maggie. Over the course of a year, they traveled to all 50 states to raise awareness and register donors. That year, SAM hosted 193 bone marrow donor registration events, signing up over 24,000 potential life-saving donors.

The road trip may be over, but the SAM movement is alive and well. To this day, Sam Kimura still needs a donor, so for her, and everyone else waiting for their hero to register, SAM keeps going.

Supported by an independent grant from The SSO Foundation.

SSO 2018 – 2020 STRATEGIC PLAN

*Advancing the Mission –
Increasing Engagement – Optimizing Resources*

Annual Meeting

▶ **GOAL:** Reimagine the SSO Annual Cancer Symposium

Membership

▶ **GOAL:** Develop a membership that is inclusive of all cancer surgeons

Global

▶ **GOAL:** Advance the awareness and impact of surgical oncology worldwide

Education

▶ **GOAL:** Support career-long education, recertification and quality patient care

Brand

▶ **GOAL:** Develop an inclusive brand image that articulates the mission and values of the Society

Organization Vitality

▶ **GOAL:** Responsible and flexible infrastructure

Learn more about the SSO Strategic Plan from SSO President, Kelly M. McMasters, MD, PhD during the SSO Town Hall Meeting on Saturday, March 24 at 5:00 pm.
See page 74 for details.

SSO PRESIDENTIAL ADDRESS

The Fundamental Difference Between Cancer Treatment and Patient Care

9-9:45 am, Friday, March 23

Room E354b

Introduction by: Armando E. Giuliano, MD

Kelly M. McMasters, MD, PhD

Ben A. Reid, Sr., MD Professor and Chair
The Hiram C. Polk Jr., MD Department
of Surgery

*University of Louisville School of
Medicine, Louisville, KY*

Dr. McMasters is the Ben A. Reid, Sr. Professor and Chair of the Hiram C. Polk, Jr., MD Department of Surgery, University of Louisville School of Medicine, and Director of the Multidisciplinary Melanoma Clinic, James Graham Brown Cancer Center, Louisville, Kentucky. He earned his MD at the University of Medicine and Dentistry of New Jersey Robert Wood Johnson Medical School and his PhD in Cell and Developmental Biology from Rutgers University. He completed his Fellowship in Surgical Oncology at the University of Texas-MD Anderson Cancer Center in Houston. He is the author and Principal Investigator of the Sunbelt Melanoma Trial, a multi-institutional study involving 3500 patients from 79 institutions across North America. His research has been funded by the American Cancer Society, the National Institutes of Health, and the Melanoma Research Foundation, among other agencies. He has two patents for his research inventions. Dr. McMasters is currently President of the Society of Surgical Oncology and the Western Surgical Association, Secretary of the Southern Surgical Association (2014-2019), and Vice President of the Society of Surgical Chairs. He was a member of the Melanoma Staging Committee of the American Joint Commission on Cancer and is former President of the Southeastern Surgical Congress (2009-2010). He has authored more than 400 publications and is Editor of the book Hepatocellular Carcinoma: Targeted Therapy and Multidisciplinary Care.

Steven D. Leach, MD

Director, Norris Cotton Cancer Center
Dartmouth Geisel School of Medicine

Preston T. and Virginia R. Kelsey
Distinguished Chair in Cancer

Professor of Molecular and Systems
Biology

Dartmouth-Hitchcock Health System
Hanover, NH

Dr. Leach is Professor of Molecular and Systems Biology, the Preston T. and Virginia R. Kelsey Distinguished Chair in Cancer, and Director of the Norris Cotton Cancer Center at the Dartmouth Geisel School of Medicine and Dartmouth-Hitchcock Medical Center. Dr. Leach received his bachelor's degree with high honors in Biology from Princeton University. He then completed medical school at Emory University, where he was a Robert Woodruff Fellow, followed by additional clinical and scientific training at Yale and M.D. Anderson. Prior to moving to Dartmouth in 2017, Dr. Leach held faculty positions at Vanderbilt, Johns Hopkins and Memorial Sloan Kettering. Dr. Leach's lab has a long track record of groundbreaking discoveries, including the identification of several genes and pathways that are now being targeted in clinical trials for pancreatic cancer patients. He has been the principal investigator for multiple NIH R01, P01 and T32 grants, and has received multiple awards honoring his work. In addition to his research activities, Dr. Leach has also served as Chair of the Pancreatic Cancer Action Network's Scientific and Medical Advisory Board, as co-Editor-in-Chief of *Current Opinion in Genetics and Development*, and as a member of the Princeton University Board of Trustees.

Supported by an independent educational grant from the American Cancer Society.

CLINICAL AND YOUNG INVESTIGATOR AWARD PRESENTATIONS

10:30-11:05 am, Saturday, March 24

Room E450b

Moderator: Darren R. Carpizo, MD, PhD

The CIA, established in 2007 by the SSO, helps to promote post-fellowship, patient-oriented research through the training of surgical oncologists in clinical and translational science. Each Award consists of \$100,000, disbursed in two yearly installments of \$50,000. To date, 30 Clinical Investigator Awards totaling more than \$3 million dollars have been granted to researchers. Beginning with the 2013-2015 awards cycle, the administration and management of the CIA and YIA program was moved to The SSO Foundation.

The SSO Foundation Young Investigator Award in Surgical Oncology was established from the 75 for 75 Campaign funds to promote and recognize clinical/translational research that advances innovative ideas and concepts designed to improve health outcomes through advances in the delivery of cancer-related care. One \$25,000 award will be given at the conclusion of the CIA session. This year's YIA called for melanoma-related research projects, in honor of Dr. Donald L Morton, a pioneer in melanoma research. The Morton Fund, a restricted fund comprised of individual donations given in Dr. Morton's memory, is providing a portion of the funding for this year's award.

Supported by independent grants from Amgen, Genentech and The SSO Foundation.

TOWN HALL & ANNUAL SSO BUSINESS MEETING

5-5:30 pm, Saturday, March 24
Room E350

Annual SSO Business Meeting Agenda

- I. **Call to Order**
Kelly M. McMasters, MD, PhD, Presiding
- II. **Announcement of Annual Resident/Fellow Essay Award Winners**
- III. **President's Report**
 - Recognition of Program Chair
 - SSO 2018-2020 Strategic Plan
- IV. **Secretary's Report**
Douglas S. Tyler, MD
 - In Memoriam
 - Introduction of New Members
- V. **Treasurer's Report**
Sandra Wong, MD
- VI. **The SSO Foundation Report**
Monica Morrow, MD
- VII. ***Annals of Surgical Oncology* Report**
Charles M. Balch, MD
- VIII. **Membership Open Forum**
Kelly M. McMasters, MD, PhD
Armando E. Giuliano, MD
- IX. **Award Recipients Announced**
Kelly M. McMasters, MD, PhD
- X. **Recognition of Outgoing Councilors**
Kelly M. McMasters, MD, PhD
- XI. **Nominating Committee Report**
Ronald J. Weigel, MD, PhD
- XII. **Introduction of New President**
Kelly M. McMasters, MD, PhD
- XIII. **New Business**
Armando E. Giuliano, MD
 - SSO 2019, March 27-30, San Diego, CA
- XIV. **Adjourn**

GLOBAL PARTNER POSTERS

As a result of SSO's partnership with various international societies and a successful launch in 2016, SSO 2018 will feature the Global Partner Posters section in the hall, where top abstracts from six worldwide events over the past year will be highlighted. These posters are located in the front section of posters in **Exhibit Hall D1** with separate signage.

SCIENTIFIC POSTERS

POSTER PRESENTATIONS

NOT
FOR
CREDIT

Posters will be displayed by disease site this year. All Thursday Scientific Posters (PT) will be displayed from 9:30 am-7:30 pm, Thursday, March 22 and all Friday Scientific Posters (PF) will be displayed from 9:45 am-4 pm on Friday, March 23. Presenters are requested to be available during exhibit hall breaks, as their schedules permit, to answer questions about their posters. Poster signage is color-coded by track.

(PT) THURSDAY, MARCH 22

Pink	Breast Track
Light Blue	Gastrointestinal Track (Hepato-pancreato-biliary)
Green	Quality Improvement/Clinical Outcomes
Orange	Other Surgical Oncology Track (Endocrine; Head & Neck; Thoracic)
Purple	Global Partner Posters (Available both days)

(PF) FRIDAY, MARCH 23

Dark Blue	Colorectal Track
Light Blue	Gastrointestinal Track (Upper Gastro intestinal)
Green	Quality Improvement/Clinical Outcomes
Red	Melanoma Track
Yellow	Sarcoma Track
Purple	Global Partner Posters (Available both days)

Poster Grand Rounds participants will be marked with a star in the Poster Hall. See the SSO Events mobile app for full SSO 2018 information and schedule.

DISCLOSURE POLICY AND DISCLOSURES

In accordance with the ACCME's Accreditation Criteria and the Society of Surgical Oncology (SSO) policy, all educational planners, presenters, instructors, moderators, authors, reviewers and other individuals in a position to control or influence the content of an activity must disclose all relevant financial relationships with any commercial interest that have occurred within the past 12 months. This includes the disclosure of financial relationships of a spouse or partner. The ACCME considers financial relationships to create conflicts of interest when individuals have both a financial relationship with a commercial interest and the opportunity to affect the content of CME about the products or services of that commercial interest. The ACCME defines a commercial interest as "any entity producing, marketing, reselling, or distributing health care goods or services consumed by, or used on, patients." ACCME does not consider providers of clinical service directly to patients to be commercial interests.

All identified conflicts of interest must be resolved and the educational content thoroughly vetted for fair balance, scientific objectivity, and appropriateness of patient care recommendations. It is required that disclosure be provided to the learners prior to the start of the activity. Individuals with no relevant financial relationships must also inform the learners that no relevant financial relationships exist. Learners must also be informed when off-label, experimental/investigational uses of drugs or devices are discussed in an educational activity or included in related materials. Disclosure in no way implies that the information presented is biased or of lesser quality. It is incumbent upon course participants to be aware of these factors in interpreting the program contents and evaluating recommendations. Moreover, expressed views do not necessarily effect the opinions of the SSO.

All identified conflicts of interest have been resolved.

Genentech, Inc.

Presurgical Considerations for Patients With Early Breast Cancer

6:45–7:45 am, Thursday, March 22

Room E353c

Breakfast Provided

Presenter: Julie Margenthaler, MD

Executive Summary: Join us for a surgeon-focused, surgeon-led, interactive program.

Program Overview:

- Exploration of current ASCO/CAP testing recommendations and the association between tumor biology and treatment decisions prior to surgery
- Review of current surgical guidelines and considerations for patients who have received pre-operative systemic therapy
- Interactive case-study-based discussions on the role of the multidisciplinary team

12:30–1:15 pm, Thursday, March 22

Exhibit Hall Theater, Exhibit Hall D1

Lunch Provided

Clinical Considerations For Treatment In Advanced Melanoma

This program is meant to educate healthcare providers on an advanced treatment option covering efficacy, dosing, administration, and safety information. The session will also include a video demonstration of the injection technique for healthcare providers.

Presenter: John H. Stewart IV, MD, MBA
Associate Professor of Surgery
Duke University School of Medicine, Durham, NC

EXHIBITS

The Exhibit Hall is located in Hall D1.

American Association for Cancer Research

Booth: 514

*615 Chestnut Street, 17th Floor, Philadelphia,
PA 19106-3483*

Phone: 215-646-0678

www.aacr.org/

American Joint Committee on Cancer

Booth: 504

633 N. Saint Clair Street, Chicago, IL 60611

Phone: 312-202-5313

www.facs.org

The American Joint Committee on Cancer (AJCC) established the way cancer is communicated. Clinicians and the surveillance community count on AJCC for the most comprehensive anatomic staging data available, the Cancer Staging Manual and Cancer Staging Atlas.

American Society of Clinical Oncology (ASCO)

Booth: 714

2318 Mill Road, Suite 800, Alexandria, VA 22314

Phone: 888-282-2552

www.asco.org

What do you need? ASCO membership supports your efforts to enhance quality, increase efficiency, and keep pace with innovations in cancer care. Join ASCO or renew your membership while at the meeting and receive a free gift!

Amgen

Booth: 1002, 1102

One Amgen Center Drive, Thousand Oaks, CA 91320

Phone: 805-447-1000

www.amgen.com

Amgen is committed to unlocking the potential of biology for patients suffering from serious illnesses by discovering, developing, manufacturing and delivering innovative human therapeutics. This approach begins by using tools like advanced human genetics to unravel the complexities of disease and understand the fundamentals of human biology. Amgen focuses on areas of high unmet medical need and leverages its biologics manufacturing expertise to strive for solutions that improve health outcomes and dramatically improve people's lives. A biotechnology pioneer since 1980, Amgen has grown to be one of the world's leading independent biotechnology companies, has reached millions of patients around the world and is developing a pipeline of medicines with breakaway potential.

AngioDynamics Inc.**Booth: 507***14 Plaza Drive, Latham, NY 12110*

Phone: 518-795-1400

www.AngioDynamics.com

A leading provider of innovative, minimally invasive medical devices used by professional healthcare providers for vascular access, surgery, peripheral vascular disease and oncology. Our diverse product lines include market-leading ablation systems, fluid management systems, vascular access products, thrombolytic products and venous products.

Annals of Surgical Oncology**Booth 616**www.annsurgoncol.org

Now celebrating a 25-year anniversary, *Annals of Surgical Oncology* (ASO) promotes the field of surgical oncology by communicating advances in research and education that are relevant and valuable to the provision of multidisciplinary care for patients with cancer. ASO is the most cited surgical oncology journal and one of the most cited surgical journals in the world with nearly 14,000 citations in 2016 to articles published within the last five years. ASO's five-year impact factor is 4.392 and has achieved over 970,000 article downloads since 2005.

AntiCancer PDOX, Inc.**Booth: 403***7917 Ostrow Street, San Diego, CA 92111*

Phone: 858-654-2555

www.anticancer.com

World leader and pioneer in metastatic patient-derived orthotopic xenograft (PDOX) mouse models for precision medicine for individual patients, drug discovery and contract research since 1984.

Belmont Instrument Corporation**Booth: 505***780 Boston Road, Billerica, MA 01821*

Phone: 978-663-0212-124

www.belmontinstrument.com

The Belmont® Hyperthermia Pump is making hyperthermic therapy available for all patients. The affordable system uses patented electromagnetic induction technology precisely warms fluids to target temperature in a single pass. It is a safe, simple, efficient portable system.

BK Ultrasound**Booth: 509***8 Centennial Drive, Peabody, MA 01960*

Phone: 978-326-1300

www.bkultrasound.com

For over 30 years, BK Ultrasound has been a leader in the development of surgical ultrasound systems. With award-winning systems & advanced transducer designs, BK addresses the clinical challenges of oncological surgeons, offering unsurpassed imaging capabilities & enabling real-time image guidance with easy-to-use, state-of-the-art platforms.

Bristol-Meyers Squibb**Booth: 916***3401 Princeton Pike, Lawrenceville, NJ 08648*

Phone: 609-302-3000

www.bms.com

Bristol-Myers Squibb is a global biopharmaceutical company focused on discovering, developing and delivering innovative medicines for patients with serious diseases. We are focused on helping patients in disease areas including oncology, cardiovascular, immunoscience and fibrosis. Each day, our employees work together for patients – it drives everything we do.

Cardinal Health – LYMPHOSEEK**Booth: 307***7000 Cardinal Place, Dublin, OH 43017*

Phone: 614-553-4960

www.lymphoseek.com

Cardinal Health, Inc. is a Fortune 25 company bringing scaled solutions to those tasked with navigating the complexities of healthcare. Nuclear Pharmacy Services has 40+ years of expertise and is a national source for both SPECT and PET radiopharmaceuticals, operating the largest network of 130 pharmacies and 30+ cyclotron facilities.

Carl Zeiss Meditec, Inc.**Booth: 803***5160 Hacienda Drive, Dublin, CA 94568*

Phone: 925-557-4854

www.meditec.zeiss.com

Carl Zeiss Meditec AG's extensive portfolio encompasses the unique ZEISS INTRABEAM® Radiotherapy System for intraoperative radiotherapy. The ZEISS INTRABEAM Radiotherapy system provides additional radiotherapy options for a wide range of tumors as for example Breast cancer, Spinal Metastases, Gastrointestinal Tumors, Skin Cancer or Brain tumors.

Carle Physician Group**Booth: 1105***611 W. Park Street, Urbana, IL 61801*

Phone: 217-840-5262

www.carleconnect.com

Carle Physician Group, a 400+ physician multispecialty group in Champaign-Urbana, is part of a not-for-profit integrated network of healthcare services that includes Carle Foundation Hospital, a 393-bed Magnet® Level I Trauma Center with Level III perinatal services, and clinics located in 19 communities throughout Illinois.

Castle Biosciences, Inc.**Booth: 702***820 S. Friendswood Drive, Suite 201,**Friendswood, TX 77546*

Phone: 866-788-9007

www.castlebiosciences.com

Castle Biosciences is a provider of molecular diagnostics to improve cancer treatment decisions. DecisionDx®-Melanoma uses tumor biology to provide an individual risk of melanoma recurrence beyond traditional factor such as AJCC staging criteria and sentinel lymph node status. DecisionDx®-UM enables accurate staging of five-year metastatic risk in uveal melanoma and is standard of care in a majority of ocular oncology practices.

Cianna Medical**Booth: 407***6 Journey, Suite 125, Aliso Viejo, CA 92656*

Phone: 949-360-0059

www.ciannamedical.com

Cianna Medical, the world leader in wire-free breast localization, focuses on expanding applications that continually advance patient care and reduce the anxiety and stress breast cancer treatments place on women and their families. Its SCOUT® radar localization and SAVI® Brachy technologies are FDA cleared and address unmet needs in tumor localization, surgical guidance and the delivery of radiation therapy.

City of Hope National Medical Center**Booth: 816***4920 Rivergrade, Human Resources Talent Acquisition, Irwindale, CA 91760*

Phone: 626-218-9831

www.cityofhope.org

City of Hope is an internationally recognized leader in the research and treatment of cancer. An NCI designated comprehensive cancer center, U.S. News and World Report has named us one of the top cancer hospitals in America for more than a decade. We are founding members of the National Comprehensive Cancer Network and were selected as one of the first centers in the nation - and the sole location in Southern California, upon launch - designated to the first CAR-T cell therapy approved by the U.S. Food and Drug Administration for adult patients with refractory aggressive non-Hodgkin lymphoma.

CivaTech Oncology, Inc.**Booth: 513***2810 Meridian Parkway, Durham, NC 27713*

Phone: 919-314-1515

www.civatechoncology.com

CivaTech Oncology is dedicated to localized therapy using radioactive polymers. The implantable CivaSheet features a flexible bioabsorbable membrane embedded with palladium and custom shielded with gold- Gold is cold. CivaSheet is the only directional brachytherapy device designed to treat cancerous tissue while protecting healthy tissue nearby- IORT made simple.

Clinical Genomics Inc.**Booth: 1103***1031 US Highway 202/206, Suite 100, Bridgewater, NJ 08807*

Phone: 412-980-1149

www.colveratest.com

Clinical Genomics is leading provider of cancer diagnostic solutions, offering COLVERA™, a new liquid biopsy test identifying ctDNA in patients post-treatment for early detection of CRC recurrence and post-surgery for detection of residual disease, and InSure® ONE™, a fecal immunochemical test used in screening programs for healthy adults. Clinical Genomics continues to apply its proprietary innovation in molecular pathology to commercialize other diagnostic tools in other cancer types.

Decker Intellectual Properties Inc.**Booth: 819**

*PO Box 57038 Jackson Square, Hamilton,

Phone: 732-751-3561

www.hackensackmeridianhealth.org/

Hackensack Meridian Health is a leading not-for-profit health care network in New Jersey offering a complete range of medical services, innovative research, and life-enhancing care aiming to serve as a national model for changing and simplifying health care delivery through partnerships with innovative companies and focusing on quality and safety.

Health Volunteers Overseas**Booth: 704***1900 L Street NW, Suite 310, Washington, DC 20036*

Phone: 202-296-0928

www.hvoua.org

Health Volunteers Overseas is a nonprofit organization that seeks to improve global health through education of the local health workforce in resource-scarce countries. The success of our programs depends upon volunteers who donate their time and expertise to work side-by-side with their colleagues overseas. Their work improves patient care by bringing skills and knowledge to health care providers and building the capacity of health systems to address the health care needs of their communities.

Hitachi Healthcare**Booth: 411***1959 Summit Commerce Park, Twinsburg, OH 44087*

Phone: 800-800-3106

www.hitachihealthcare.com

Hitachi Healthcare's commitment to ultrasound for surgeons offers a wide range of consoles and specifically designed transducers to meet the needs of every surgeon. Recognized for our superior image quality, system reliability and use of cutting edge technology, we remain the standard in the field of ultrasound for surgeons.

IntraMedical Imaging LLC**Booth: 904***12569 Crenshaw Boulevard, Hawthorne, CA 90250*

Phone: 844-426-6277

www.GammaProbe.com

IMI markets a family of surgical probes including Surgical Gamma Probes for sentinel lymph node biopsy in breast cancer and melanoma surgery, and PET Probes for intraoperative Gamma Probe and Beta Probe tumor detection and surgical margin evaluation. Our technology is based on the injection of radio-pharmaceuticals that emit gamma or beta rays. Surgeons use our probes to locate the sentinel lymph nodes or cancerous tissues that accumulate the radio-pharmaceuticals.

Invuity**Booth: 804***444 De Haro Street, San Francisco, CA 94107*

Phone: 415-655-2178

www.invuity.com

Invuity, Inc. is a medical technology company focused on developing and marketing advanced photonics devices to improve the ability of surgeons to illuminate and visualize the surgical cavity during open minimally invasive and minimal access surgery.

Lumicell**Booth: 801***80 William Street, Suite 2-260, Wellesley, MA 02481*

Phone: 508-737-4042

www.lumicell.com

Lumicell is a technology leader in the field of image-guided cancer surgery. The company's LUM system enables real-time detection of tumor tissue in patients so that no cancer cells are left behind during surgery. The LUM System allows surgeons to see and remove cancer cells remaining in the surgical cavity – beyond the margin of the specimen – and has the potential to significantly improve surgical outcomes and reduce healthcare costs by eliminating the need for repeat surgeries.

Mammotome**Booth: 302***300 E-Business Way, 5th Floor, Cincinnati, OH 45241*

Phone: 513-864-9028

www.mammotome.com

Mammotome® revolve™, a new dual-vacuum assisted biopsy platform, is the only device to offer advanced tissue management technology, providing touch-free tissue collection in numbered, pathology-ready chambers to preserve tissue integrity. Mammotome elite® is the only single-insertion, tetherless device with TruVac™ vacuum technology.

Medical Engineering Innovations, Inc.**Booth: 1004***3591 Anderson Street, Suite 214, Madison, WI 53704*

Phone: 608-239-9352

www.mei-america.com

Medical Engineering Innovations, Inc. believes that procedure-specific surgical devices can provide better survival rates and reduce healthcare costs. We develop and commercialize energy based medical devices that meet unmet needs, advance patient care, improve quality of life and achieve better healthcare cost-effectiveness.

Medtronic**Booth: 902***710 Medtronic Parkway, Minneapolis, MN 55432*

Phone: 763-514-4000

www.medtronic.com

As a global leader in medical technology, services and solutions, Medtronic improves the lives and health of millions of people each year. We use our deep clinical, therapeutic and economic expertise to address the complex challenges faced by healthcare systems today. Let's take healthcare Further, Together. Learn more at Medtronic.com.

Merck & Co., Inc.**Booth: 303***2000 Galloping Hill Road, Kenilworth, NJ 07033*

Phone: 908-740-4000

www.merck.com

For more than a century, Merck has been inventing for life, bringing forward medicines and vaccines for many of the world's most challenging diseases. Today, Merck continues to be at the forefront of research to deliver innovative health solutions and advance the prevention and treatment of diseases that threaten people and animals around the world.

Nature Hill NV**Booth: 807***8550 West Desert Inn Road, Las Vegas, NV 89117*

THE
SSO
FOUNDATION
Research. Education. Innovation.

Support The
SSO Foundation.

Text SSOFDONATE to 41444.

THE SSO FOUNDATION IS THANKFUL FOR YOU!

The SSO Foundation (SSOF) depends on individual donations from committed SSO members to underwrite:

- Research awards such as the Young Investigator Award and the Clinical Investigator Award;
- Educational programs such as the Fellows Institute;
- Lectures from distinguished speakers at the Annual Cancer Symposium, such as the James Ewing Lecture;
- Awards for Fellows and Residents, such as the Harvey Baker Traveling Fellow Award.

Every individual member donation illustrates SSO's passion for the discipline of surgical oncology, for the advancement of the science, and for improved patient outcomes.

Behind each new treatment, surgical instrument, or technique is the surgeon researcher that helped bring it from bench to reality, and the surgeon mentor that trained a future surgeon to use it. Your donations make a difference!

The SSO and The SSOF honors and celebrates its past, present, and future members and donors. Join your SSO colleagues who have made the commitment, and make your gift to The SSO Foundation at the SSO Membership Booth 616.

For a full listing of The SSO Foundation contributors, please consult the SSO 2018 Mobile App or view the SSO 2018 Donor Board.

FUTURE MEETINGS

MARCH 27-30, 2019 | SAN DIEGO, CA

MARCH 25-28, 2020 | BOSTON, MA

MARCH 24-27, 2021 | CHICAGO, IL

WE

DON'T BELIEVE

THE FUTURE CAN WAIT

FOR THE FUTURE

Yuman Fong, M.D.

Yanghee Woo, M.D.

I. Benjamin Paz, M.D.

Laleh Melstrom, M.D., M.S.

Lily Lau Lai, M.D.

Laura Kruper, M.D., M.S.

We are City of Hope doctors, advancing science that saves lives. We have performed more than 14,000 bone marrow and stem cell transplants to treat cancer, with unparalleled survival rates for the past 13 consecutive years. Our research has led to the development of synthetic insulin and four of the most widely used cancer-fighting drugs. We are pioneers in the field of laparoscopic and robotic surgery, having performed more than 11,000 robotic procedures for prostate, kidney, colon, liver, bladder, gynecologic, oropharyngeal and other cancers. Today, we are helping to shape emergent techniques like gene editing and gene therapies for the treatment of human disease.

Find out more at **CityofHope.org**.
