

DIGITAL GRAPHICS

CREATING VISUAL EXCITEMENT

Quality graphics contribute significantly to the impact of your exhibit. Vivid colors and sharp images attract attention, build traffic, and communicate marketing messages more effectively. Freeman has invested in the latest printing technology and has the skills to provide you with the finest digital graphic reproduction available.

STATE-OF-THE-ART CAPABILITIES

Freeman can provide four-color, photo-quality, high-resolution digital printing in virtually any size for banners, signage, exhibit graphics, and more. Each Freeman location has stand-alone printing capabilities, and all are supported by the Corporate Graphics Center for special requirements. Last minute repairs and replacements are handled efficiently through our nationwide resources.

SUPERIOR QUALITY CONTROL

Electronic file transfer, in-house printing, and company-wide standardization of procedures allow us to control quality, cost, and scheduling for our customers on a nationwide basis.

DEPTH OF RESOURCES

- VUTEK™ and Salsa printers provide large format, four-color, high-resolution digital printing of single and double-sided banners up to 10' wide and virtually any size with seams.
- Encad printers provide digital processing of banners up to 5' wide without seams.
- All Freeman operations use the same printers, software, ink, adhesives, and laminates for continuity.
- Seaming, grommeting, lamination, and mounting are handled in-house.
- A variety of fabrics are available, including nylon, vinyl, and mesh materials.
- Computer-aided graphic design for your assistance.

FREEMAN SPECIALIZES IN THE DIGITAL GRAPHIC REPRODUCTION AND INSTALLATION OF:

- Suspended banners
- Logo reproduction
- Accent graphic photo panels
- Backlit displays and murals
- Large format signage and banners
- 4-color carpet image printing

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our desire is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass this information on to your graphics designer. Two overall considerations for submitting acceptable artwork involves proper resolution or size of the file to avoid poor quality images, and proper color matching information and proofs to insure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

Minimum requirements for original artwork, such as logos, when Freeman is providing design and layout:

- 300 dpi resolution at a size of 8 x 10 inches (higher resolution files will result in improved final product)

Minimum requirements for final artwork that Freeman will reproduce exactly as provided:

- 100 dpi resolution at full size of actual finished product

Minimum requirements for both:

- All related PMS and/or CMYK color codes
- Accurate color proof print of artwork
- Contact name, phone number and e-mail address of art creator if applicable
- If submitting a “vector” file, include all fonts, or convert fonts to outlines or paths

ACCEPTABLE FILE SOFTWARE FORMATS

We are capable of working with both PC and MAC based software, and can accept art created with the following software programs (listed in order of preference):

- ADOBE—Illustrator, InDesign, and Photoshop
- COREL DRAW
- MACROMEDIA freehand
- QUARK XPRESS

Files should always be saved in their native format.

ACCEPTABLE FILE TYPES

Files that Freeman can use in order of preference, include:

- EPS and AI (especially when submitting logos)
- TIF (especially when submitting photos)
- JPG (provided resolution is high enough for photo images; not recommended for logos)

File types that Freeman cannot use to reproduce high quality graphics include:

- GIF files
- Microsoft Office software files such as Word (.doc), or PowerPoint (.ppt) file types
- Self-extracting files, such as EXE or SEA files

WAYS TO SEND ARTWORK

- Artwork files that are of acceptable resolution as listed above will typically be too large to send via e-mail. Files may be saved and sent via overnight delivery on either a CD-ROM or a DVD, along with the hard-printed proof copy. (Floppy disks and zip drives are not a good option for sending large graphics files.)

- Large files may also be posted to Freeman’s FTP site for downloading—you may get the password and other needed information from your Freeman service representative in order to post files. However, a hard paper proof print must also be sent via overnight delivery in addition to posting the electronic files.
